WELCOME TO STAVANGER!

Stavanger, Norway as host for European Controllers Golf Championship

We are delighted to welcome Controllers from all over Europe to Norway and Stavanger to the European Controllers Championship in Golf 2021.

Stavanger was founded on the North Sea Coast in the early 12th Century. We are the energy capital of Europe and recognized as a Smart City through the European Project Triangulum within Horizon 2020. The city and its surrounding region are not only known for the agriculture, oil and gas activities and Smart city solutions and innovation. Stavanger was European Capital of Culture in 2008 and recognized for the many festivals and events throughout the year. Not to mention the arts, such as the International Chamber Music Festival and Maijazz, to the more modern heavy metal community, the urban Utopia, and the renowned NuArt StreetArt festival. Within sports, the Hammer Stavanger cycling race, the Blink Ski Festival, the North Sea Cycle Race and Norway Chess put Stavanger on the global map. In 2020, the biannual energy convention, fair and exhibition ONS – Offshore Northern Seas, will be hosted again in Stavanger. It is one of the world's largest energy events and has attracted at its peak more than 92.000 visitors.

Stavanger Golf Club was founded in 1956 and is one of Norway's oldest clubs. Located only 5 km from the city of Stavanger and lies in quiet surroundings near the lake Store Stokkavatn. Stavanger Golf Club presents a true test of golf that will suit golfers of all levels. With 1700 members we have members in all ages and strive to be a club that will help grow this fantastic game. Stavanger have hosted the Norwegian Championships more than 20 times, latest in 2019. Sola GK is a 26 year old course, and have also been the venue for the Norwegian Championship. Located about 10 km from the city. We welcome you to Stavanger and we hope the European Controllers Golf Championship in 2021 will be a success for the international controllers community.

Sincerely yours

Christian Berge
